Response to Amendment

1. Applicant's amendment filed 5/6/05 is persuasive; therefore claims 1 and 3-6 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest, singularly or an obvious combination of a device having a connection bar with both ends pivoted respectively to the upper rocking bar member and the lower rocking bar member and located to the side of the vertical bar member whereby the connection bar further comprises a shuttle and two key pins where the lower end of the shuttle is pivotally and detachably connected to the vertical bar member and the shuttle is formed with two parallel plates in a spaced-apart relationship so the connection bar is capable of moving between the plates and finally the shuttle plates having three through holes two being near a top edge and one being near a lower edge of the plates where a key pins are insertable for engagement with the connection bar at the lower edge and the other key pin is insertable for selective engagement with the upper rocking bar as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
